Firestone Pathway AS Frequently Asked Questions

1. Is the Firestone Pathway AS a good tire for everyday driving?

Yes, Pathway AS is an all-season touring tire made for drivers who want reliable performance, long tread life and good value. It is designed for everyday routines such as commuting, running errands, taking the kids to school, and getting from point A to point B without having to overthink your tires.

2. How does the Pathway AS perform compared to its competitors?

In internal testing, the Firestone Pathway AS showed strong wet and dry braking performance compared to certain leading competitors:

- **Uniroyal Laredo HT:** Firestone Pathway AS tire demonstrated an 18% reduction in wet braking distance vs Uniroyal Laredo HT tire[1].
- **Toyo Extensa AS2:** Firestone Pathway AS tire demonstrated a 7.4% reduction in wet braking vs Toyo Extensa AS2 tire[2].
- **Dry Braking:** Firestone Pathway AS tire demonstrated shorter dry braking distances than six leading competitors[3].

3. What makes the Pathway AS different from the older Firestone All Season tire?

The Pathway AS builds on the Firestone All Season with updates focused on the things that matter most in everyday driving, including wet performance, tread life and ride comfort, with more tire sizes for improved vehicle coverage. It also showed improvement in wet braking performance. In internal testing, the Pathway AS tire demonstrated an 11.7% reduction in wet braking vs the Firestone All Season tire[4].

4. Will the Pathway AS fit my car?

There is a good chance it will. The Firestone Pathway AS is available in 73 sizes and represents Firestone's broadest tire line currently available, covering nearly 77% of registered vehicles in the U.S. at launch. It is designed to fit a wide range of passenger cars, CUVs, SUVs, minivans, and light trucks. Popular fitments include the Toyota Camry, Toyota RAV4, Subaru Outback, Jeep Grand Cherokee and Chevrolet Equinox. *See annex A and B for a full list of sizes and vehicle coverage.*

5. How does the Pathway AS handle rain and light snow?

Pathway AS is built to handle the changing conditions drivers face throughout the year, from dry and wet roads to light snow. Deep, interlocking 3D sipes help provide traction as conditions change. And when it comes to wet braking, internal testing showed that Pathway AS demonstrated:

- An 18% reduction in wet braking distance vs Uniroyal Laredo HT tire[1].
- A 7.4% reduction in wet braking vs Toyo Extensa AS2 tire[2].

Pathway AS is an all-season tire, so drivers who regularly deal with heavy snow or severe winter conditions should consider a dedicated winter tire instead.

6. How long is the Pathway AS designed to last?

The Pathway AS is backed by a 65,000-mile limited mileage warranty[5]. Its tread compound is designed for longevity, while additional sipes and an optimized tread design help promote more even wear to maintain traction over time. Actual tire life will depend on factors such as driving habits, road conditions, and proper tire maintenance.

7. Does the Pathway AS come with a warranty?

Yes, Pathway AS comes with a 65,000-mile limited mileage warranty[5] across all sizes. It is also backed by Firestone's 90 Day Buy & Try Guarantee[6], which allows eligible customers who are not satisfied within the first 90 days to exchange their tires for another set of Bridgestone or Firestone tires.

8. Is the Pathway AS a good choice if I'm shopping on a budget?

Absolutely! Pathway AS is designed for value-conscious drivers who want dependable, year-round performance at an accessible price point. It combines broad vehicle coverage, a 65,000-mile limited mileage warranty[5], and features designed to support wet-weather traction and long tread life.

9. Who is the Pathway AS designed for?

Pathway AS is designed for everyday drivers looking for dependable performance, long tread life and value. Whether you're commuting to work, running errands or taking a weekend road trip, it is built to provide reliable all-season performance without moving into a premium-priced tire.

[1] *Comparison based on internal testing of the Firestone Pathway AS tires vs. the Uniroyal Laredo HT tires, in tire size 265/70R17 at 55 MPH. Results may vary depending on proper tire and vehicle maintenance, road conditions, and driving habits.*

[2] *Comparison based on internal testing of the Firestone Pathway AS tires vs. the Toyo Extensa AS2 tires, in tire size 215/55R17 at 55 MPH. Results may vary depending on proper tire and vehicle maintenance, road conditions, and driving habits.*

[3] *Comparison based on internal testing where the Firestone Pathway AS tire demonstrated a reduction in dry braking distance of 4.6% vs. the Hankook Dynapro HT2 tire, 5.9% vs. the Yokohama Geolandar H/T tire, 7.4% vs. the Kumho Crugen HT51 tire, 5.4% vs. the Cooper Endeavor Plus tire, and 8.5% vs. the Uniroyal Laredo HT tire, all in tire size 265/70R17 and at 55 MPH. Additionally, the Firestone Pathway AS tire demonstrated a 1.6% reduction in dry braking distance vs. Kumho Solus TA51A tire in tire size 215/55R17 at 55 MPH. Results may vary depending on proper tire and vehicle maintenance, road conditions, and driving habits.*

[4] *Comparison based on internal testing of the Firestone Pathway AS tires vs. the Firestone All Season tires, in tire size 215/55R17 at 55 MPH. Results may vary depending on proper tire and vehicle maintenance, road conditions, and driving habits.*

[5] *Conditions apply. See FirestoneTire.com/warranty for details.*

[6] *For exchange only. Only Bridgestone or Firestone brand as eligible replacement tires. Proof of purchase required. In-store installation required and costs extra. Other conditions, fees, and taxes may apply. See https://www.bridgestonetire.com/support/tire-warranties/full-warranty/ for details.*
