Bridgestone Recognized with General Motors' 31st Annual Supplier of the Year Award

- **Bridgestone was named a Supplier of the Year for the eighth consecutive year and for the 21st time in 31 years.**
- **Award recipients were announced during the annual General Motors' Supplier of the Year Award Ceremony on March 22, 2023.**
- **The annual awards recognize suppliers that provided General Motors with high-quality components and innovative technologies in the previous year.**

NASHVILLE, Tenn. (April 3, 2023) – [Bridgestone Corporation](#), including [Bridgestone Americas](#) (Bridgestone), has been named a 2022 General Motors Supplier of the Year, marking the eight consecutive and 21st overall recognition for the brand. The annual awards, which celebrate suppliers that delivered GM with high-quality components and innovative technologies in the previous year, were announced during the GM Supplier of the Year Award Ceremony on March 22, 2023.

"Our passion for innovation and partnership is pivotal to our success," said David Colletti, President, Consumer Original Equipment Tires, North America, Bridgestone Americas Tire Operations. "This award celebrates our teammates for their commitment in delivering the best products and solutions to our customers. We are honored to be recognized by our longtime partner GM and look forward to many more years of delivering innovative technologies."

General Motors' 31st Annual Supplier of the Year Awards were given out to 121 suppliers from 17 different countries. The awards recognize those suppliers that exceeded GM's requirements, providing GM customers with high-quality components and innovative technologies.

"We are thrilled to recognize these outstanding suppliers after yet another challenging year in the automotive industry," said Jeff Morrison, GM vice president of Global Purchasing and Supply Chain. "They overcame countless obstacles and exemplified what it means to be resilient, resourceful and determined. Beyond that, these suppliers demonstrated their commitment to sustainable innovation and to driving advanced solutions in collaboration with the GM team."
